## IMPORTANT ANNOUNCEMENTS

### LIVE VIDEO STREAMING OF REGULAR SEASON CONTESTS

The MHSА continues to receive calls concerning the live video streaming of regular season events by schools without acquiring the necessary permission from the MHSА Executive Director. The relevant policy from the MHSА Handbook is listed below:

- C. *Commercial Broadcast, Telecast, Cybercast and Video Display:*
1. *All commercial broadcast, telecast, cybercast or video display of any regular or post-season event must be approved by the MHSА Executive Director. Rights and conditions (including fees) of live commercial broadcasts, telecasts, and/or cybercasts of regular and post season events will be specified through written consent of the MHSА.*
  2. *When granted authority for commercial broadcast, telecast, cybercast or video display of MHSА events, the commercial entity must comply with the conditions set forth by MHSА, including any safety, contractual, fiscal, or other concerns that apply. The MHSА will consider the promotion of both male and female activities when granting authority.*

With the technologies available video streaming seems like a wonderful way to provide access to those homebound or out of state fans. With the local school understanding that live video streams can have a negative effect on gate receipts especially for outdoor contests played during poor weather conditions, the reason for approval by the Executive Director is to assure that the promotion of both male and female activities is occurring and schools are not violating gender equity standards. For example, video streaming only football games would violate gender equity standards (Ridgeway and Title IX concerns). Also, besides the possible loss in revenue from gate receipts, the school may have to deal with concerns from parents of other programs questioning why their activity isn't being included (program equity not gender equity).

### POST SEASON EVENTS

Video streaming of post season events must also be approved by the Executive Director. I would review any proposal carefully examining gender equity, program equity and possible loss of revenues to schools before considering entering into the agreement. A few years ago the Wyoming High School Association reported a large loss of gate receipts for its boys' and girls' state basketball tournaments after video streaming live all games of those tournaments. Video streaming may seem like that wonderful idea but there are many factors that have to be considered and rules and regulations that must be followed before permission can be granted. If you have any questions regarding video streaming or any other MHSА media policy provision please contact me.

Mark Beckman,  
MHSА Executive Director

### SUBMIT ANNUAL MEETING PROPOSALS

If you plan to submit proposals for the 2012 Annual Meeting, please be advised of the following important dates:

1. Proposed changes by member schools for any of the Rules and Regulations of the *MHSА Handbook* (pages 39-58 and 79-281), must first be presented to the MHSА Executive Board at its **November 21-22 meeting**.
2. Schools may submit proposed changes in the By-Laws (pages 11-38) to the Executive Director by **December 1**. By-Law changes do not need to be presented first to the Executive Board, but it is helpful if all proposals are received before the Board Meeting.

No proposal can be presented from the floor that has not been received by the Executive Director by the deadline. Remember proposals must carry a fiscal note if there are financial implications to the Association, and proposals will be separated by the Resolution Committee to be considered by affected classifications.

We request that when writing proposals for the MHSА Annual Meeting you refer to the *MHSА Handbook*, Article IX, page 36. Please submit your proposal by using the proposal form posted at [www.mhsa.org](http://www.mhsa.org).

Please complete a facility or school district report form of these occurrences immediately following your tournament and fax the report to the MHSa office (442-8250) in the event that any type of litigation occurs following the injury or incident.

Because there is a claims made coverage deadline from the date of occurrence in which it has to be reported, all tournament managers should send this report as soon as possible following your event. Your cooperation is greatly appreciated.

## WRESTLING

### NEW MHSa SKIN LESION FORM

The NFHS Medical Advisory Committee has updated the skin lesion form for the 2011-12 Wrestling Season. Please disregard the forms used in previous years. Attached you will find a copy of the updated form which can also be found on the wrestling page of the MHSa web site at [www.mhsa.org](http://www.mhsa.org).

### WR#1 FORM CHANGES

In the past, the MHSa has made significant changes to the WR#1 weight certification form for wrestling and will no longer be sending multiple WR#1 cards to MHSa wrestling schools.

The WR#1 changes include a clarification to the form in regard to the certification weight. In the past, we had medical providers certify wrestlers at the lowest weight a participant could wrestle at during the season. We changed the form to have the medical provider certify wrestlers at the lowest weight class the wrestler could weigh in at during the season.

For example, there was confusion in the past when a wrestler was certified at 132 lbs. on whether he/she could qualify for the 130 lb. weight class because of the multiple days of competition allowance or the growth allowances. Now, wrestlers will be certified at the lowest weight class, so the above example will not be a problem. All other MHSa weight management rules will still apply for the entire season.

Also, other information has been added to the WR#1 form. Information about the MHSa weight management programs is now included on the form, along with fields for the wrestler's actual weight and height. The entry of the actual weight and height is only a recommendation, but we believe this could be very useful information.

Finally, we are only sending coaches one copy of this form. We will no longer distribute WR#1 cards, and each school will need to make copies of this form to certify all of their wrestlers. Also, this form, along with the WR#2 summary form, is available in electronic format on the wrestling page of the MHSa website for your convenience so you can print these forms, or you can enter information electronically.

If you have any questions or concerns please e-mail Brian Michelotti at [bmichelotti@mhsa.org](mailto:bmichelotti@mhsa.org) or call (406) 442-6010.
